

HE SILOS

Storing The Nation's Grain

AUSTRALIAN MADE & FAMILY OWNED

HE Silos Gunnedah, a family business spanning three generations, has been manufacturing grain storage solutions for over half a century. With our wealth of knowledge and experience, we can confidently assist you in your new purchase.

QUALITY

Our skilled staff are equipped to produce top-tier products. We maintain our commitment to quality through a rigorous assurance program, ensuring that each product meets our high standards. All our products are welded, crafted from premium galvanized steel, featuring an all-galvanized base, and zincalume walls and roof. Our silos are engineered to last.

WARRANTY

HE Silos Gunnedah offers necessary repairs or replacements under warranty. We differ from others with our follow up service to ensure your product is operating to your needs. Every product is backed by a 5-year warranty to safeguard consumers.

EFFICIENT ORDER PROCESS

1. You accept your written quote
2. We send all relevant documents for your order including silo design, foundation specs & 20% deposit invoice.
3. You prepare your concrete silo foundation.
4. Our manufacturing team pre fab your silo ready for pick up or delivery.
